

## Candidate Performance Report

Dear **Mr. Li Jin Chen**,

On behalf of the CAIA Association, let me be the first to congratulate you on passing your CAIA examination.

Below is a performance profile developed for you to aid in self-assessment by indicating your areas of relative strength and weakness compared to a reference group. This reference group is composed of candidates who scored within the bottom quartile of those who passed the exam in this administration. To create your profile, your performance by topic was compared to the reference group and was categorized into relative performance levels to reflect the distance between your performance and that of candidates in the reference group. More information on how to interpret this Candidate Performance Report is available in the CAIA Candidate Handbook.
